The Design Review Committee shall perform site plan and architectural review pursuant to Eureka Municipal Code Section 155.180:

In order to prevent the erection of structures or signs that would be inharmonious with their surroundings or would have an adverse effect on the value of property or improvements in the vicinity, uses and structures and certain signs in the AR and PD Districts and conditional uses in all districts shall be subject to architectural review by the Design Review Committee. The ugly, the

inharmonious, the monotonous, and the hazardous shall be barred, but originality in architecture, site planning, and landscape and graphic design shall not be suppressed. In reviewing proposals for development in AR Districts that have an established historical character, the Design Review Committee shall recommend disapproval of drawings for a structure or a sign that would be inharmonious with surrounding development, but the Committee shall not require that new structures duplicate an historic architectural style as a condition of approval.
